**PROUD TO SUPPORT**  
the LGBT Business Council of  
Montgomery County &  
the LGBTQmunity Center of  
Montgomery County

Community Connections provides services to people who need them most, where they need them most—in their community. Currently, if someone needs assistance, they primarily receive it in our main human services office in Norristown, rather than in their home area. Community Connections will change that by establishing one-stop service centers in an initial four locations around Montgomery County—Willow Grove, Pottstown, Lansdale and Norristown. Community Connections will build a stronger partnership between government, community organizations and families to foster better service and care.

#### NAVIGATES

Navigates are skilled human service professionals who can provide residents who need some type of human services with information and assistance in identifying services that will help them with needs such as health, housing, senior supports, child care, employment, veterans affairs, supports for individuals with behavioral health or developmental disabilities or child, family or elder protective services. Residents will work with the same Navigate during their interaction with Community Connections allowing the Navigate to serve as both a navigator of the system and an advocate for the individual throughout the process. Navigates will be located at the County Community Connections offices.

"During my military career, first at West Point and later as an officer in the Army, I learned that leadership is about selfless service. I will go to Washington to serve our community and get real results on the issues that are important to all of us. I promise to fight for equality for all, economic opportunity for our families, investment in our communities and protecting the environment we all share. I humbly ask for the help and support of everyone who shares these values.

# FAMILY VALUE

Every family has its values—principles and standards that all members are expected to uphold.

At Ciavarelli Family Funeral Homes we know about family values. We highly esteem honesty, compassion, respect and hard work. We insist on these qualities both in our family and in our service to the community. We know you insist on them, too.

That's the value of our family. The Ciavarelli family is committed to providing personal attention and comforting assistance to those who need it most. We consider this commitment to professional service a heritage, a valuable tradition worth preserving.
